Learn at speed of business

• Directly at Workplace
• From the experts
• In context of worksphere
• Set the right priorities

Apply new knowledge to create value
Personal Lifecycle
... from a person’s perspective

**Onboarding**
- Optimize and fasten “time to market”
- Create job and stakeholder transparency in complex Worksphere
- Enable project rampup
- Increase quality of project delivery
- Enable key resources in work context

**Daily work**
- Understand complex worksphere
- Support change management
- Build “real” deputies
- Prepare for longer absences
- Minimize loss of tacit knowledge during project handover
- Prepare for potential loss of staff
- Create transparency offshoring projects

**Offboarding**
- Enable ++ project deliveries
- Support project rampdown (from a personal and project perspective)
- Enable seamless continuation after resignation
- Minimize loss of knowledge due to two year regulation, external staff
- Minimize loss of knowledge due to longer absences
Tacit knowledge is all about people

**Explicit** knowledge enables its real business value only in correlation with the underlying tacit knowledge.

**Tacit** knowledge enables us to efficiently manage our daily workflows and processes without thinking about them.
Loss of staff: influence on tacit knowledge, impact on productivity and efficiency

Loss of knowledge due to leaving of multiple experts: succession management?
Loss of staff: influence on tacit knowledge, impact on productivity and efficiency

Benefits
- Enables efficient and motivating induction period for key persons
- Minimizes loss of tacit knowledge
- Helps to reduce knowledge gaps
- Supports building personal network

Efficiency increase due to cost avoidance and shortening of on-the-job training period

Speed up Onboarding: 20 .. 30 %

Valuable tacit knowledge
Valuable documented information
Methodology
Structured Knowledge Transfer

Phase 1 – Overview
Identify areas of knowledge
- Coaching: 2 half days
  - Create Worksphere Map®
  - Prioritize Topics
  - Task and Induction Plan

Phase 2 – Details
- Option1: Transfer Person 1:1
- Option2: iCast
- Support (on demand)

Phase 3 – Documentation
Transformation: Implicit to Explicit Knowledge
- Topic and Knowlet Structure
  - Mindliner, Transfer Doc
  - Wiki /KMS / Sharepoint / …

Line Manager involvement on a need basis

Coaching service for key employees
Transfer knowledge on a need basis
Total effort: 3–7 coached half days

Shortens on-the-job training of new joiners
Enables spreading of knowledge within a team
Increases employee motivation

Adaptations of Methodology Change Management

Manager on Move
- Increase “Time to Market” of keyperson
- Create stability and continuity in organization
- Realize potential for corporate development

Team on Move
- Support an enable reorganizations
- Avoid loss of knowledge due to organizational changes
- Build up efficient deputies and support transition of team

Optimized Project Handover
- Reduce risk due to project change
- Fasten induction for new PM or team
- Enable efficient rampup or rampdown of projects
### Preconditions

- 1–3 months time frame for knowledge transfer (with or without overlap expert-successor)
- Awareness of preconditions/starting situation/involved persons
- Investment: 3–6 half days for coached methodology
- Investment: Silver (CHF 3500.-), Gold (CHF 4500.-), Platinum (CHF 6500.-) Package

### Coaching: steps to success

- Initialization with line manager, expert, successor to clarify situation, scope and concrete next steps
- Phase 1: Creation of knowledge map, prioritization of topics
- Phase 2: Detail knowledge transfer, additional knowledge map or coaching on demand
- Phase 3: Team/individual Wiki or transfer doc

Summary

Service aims to maintain and spread tacit knowledge within the company

- Maintain efficiency and effectiveness through personnel and organizational changes
- Keep high quality production standards
- Cost avoidance/increased time to market of CHF 3.08 m in 2013 (based on LM feedbacks)

Optimized knowledge transfer is based on 3 distinctive phases

- Support manager to identify key knowledge holders and to map their tacit knowledge while reducing production risks
- Focus on successor to enable a motivating and structured start in new role
- Estimated effort for successor and expert between 2 and 6 half days
- Shorten on-the-job training period of new joiners by an average of 30%
Thank You!
